ABHIRAMAPURAM

Serenity meets Sophistication

We find the perfect space and then make it a memorable home, forever. Arihant Krsna is the manifestation of such a unique opportunity.

An impeccable location like Abhiramapuram, with the site tucked away from the main access road, in a quiet and verdant grove. The soft curves of the facade harmoniously enhance the striking contrast of the custom materials and finishes, creating a perfect blend of serenity and sophistication.

Krsna

6 HOMES | 3 BHK
2702 SQ FT OF LUXURY

Krsna is designed to exude sophistication and comfort in its every detail. The expansive homes feature large-sized bedrooms and 11.5-foot ceilings, remarkably enhancing the feeling of grandeur. The thoughtfully planned layout maximises natural light and airflow.

The background of the entire page is a textured, light brown surface, possibly sand or a coarse fabric. Scattered across this surface are several smooth, light-colored stones of various shapes and sizes. On the right side, there is a branch of a green plant with small, oval-shaped leaves. The overall aesthetic is natural and serene.

Abhiramapuram welcomes you.

Known for its residential charm and strategic location, Abhiramapuram features a vibrant mix of independent houses and modern apartments. Residents enjoy easy access to TTK Road, R.A. Puram, Mylapore, and recreational hotspots like the Madras Boat Club and The Music Academy. A host of cafés, fine dining restaurants and five-star hotels nearby offer the perfect opportunities for indulgence.

With essential amenities like schools, hospitals, and shopping centres nearby, we prioritise premium locations for our projects, ensuring modern living standards and a vibrant community atmosphere. Each meticulously designed space is dedicated to offering a comfortable and convenient lifestyle for residents.
