

ONE SEA
RESIDENCES

UNLOCK

LIFE AS IT SHOULD BE, AT ONE SEA.

A LEGACY ANCHORING THE HORIZON OF TOMORROW.

For over three decades, Voora has been quietly anchoring Chennai's skyline, creating not just buildings, but places where lives feel grounded, secure, and inspired. What began as a simple passion for building has evolved into a deeper purpose: to craft homes that hold people steady, even as the world around them keeps moving.

From iconic high-rise residences and private luxury villas to future-ready commercial spaces, every Voora development is designed to be an anchor, set in prime locations, shaped by thoughtful architecture, and built to stand the test of time. These are spaces that don't just rise high, but stand firm.

At the heart of everything we do lies an unwavering commitment to quality. With strong in-house expertise, rigorous quality controls, and careful attention to every detail, we ensure that every home is as reliable as it is refined. Sustainability, transparency, and timely delivery are not just practices, they are the values that keep us firmly rooted.

Today, Voora stands as a trusted anchor in the lives of thousands of homeowners. A name built on craftsmanship, consistency, and enduring confidence offering not just homes, but a sense of belonging, stability, and peace of mind.

DANCE TO THE RHYTHM OF WAVES
AT ONE SEA.

THE WINNING MOVE AT ONE SEA.

Where the sky meets the sea, every day at One Sea begins with a sense of freshness and tranquility. Wake up to breathtaking sunrise views and unwind every evening with peaceful seaside coffee moments that turn into unforgettable memories.

The central podium and thoughtfully curated OSR amenities are designed to elevate the everyday lifestyle of One Sea's residents. A luxurious **60,000 sq. ft. clubhouse** further enhances daily living, offering spaces for recreation, wellness, and leisure.

Set across **11 pristine acres**, One Sea features striking **41-storey** and **17-storey** towers with **1,039** elegantly crafted residences, an iconic landmark rising along ECR. This development is envisioned for those who seek to enrich and upgrade their lifestyle like never before.

Every space is designed to capture joyful moments with your children, parents, and loved ones, creating memories that last a lifetime. For those aspiring to a truly premium lifestyle in a distinguished community and a prestigious location, One Sea stands as the perfect choice to win big in life.

GREEN HOMES BUILT FOR LIFE TO THRIVE.

With IGBC Platinum certification, the homes at One Sea are designed using advanced green building principles that balance luxury living with environmental responsibility. The architecture reduces heat gain, helping interiors stay naturally cooler while allowing abundant natural light and refreshing sea breezes to flow through the spaces.

Water conservation systems, energy-efficient lighting and the use of sustainable materials help reduce electricity and water consumption, creating a healthier living environment.

With over **1,000 trees** planted across the development, the landscape reflects the calm, green character of Chennai's most cherished green sanctuaries along the Adyar River, bringing residents of One Sea closer to nature while enhancing everyday living.

An aerial, high-angle photograph of a modern high-rise apartment complex at dusk. The complex features several tall, rectangular towers with illuminated windows and balconies. The buildings are surrounded by lush greenery, including trees and a large body of water in the upper left. In the foreground, there are recreational facilities: a swimming pool, a tennis court, a basketball court, and a soccer field. A small, modern building, likely a clubhouse or community center, is situated near the center of the complex. The overall scene is illuminated by the warm glow of the setting sun and the lights from the buildings and facilities.

THE HEIGHT OF LUXURY LIVING
AT ECR'S TALLEST
RESIDENTIAL TOWERS.

A LIFE THAT RISES
IN GRANDEUR, AT ONE SEA.

BACKWATERS THAT BRING IMMEASURABLE BEAUTY.

Flowing gently alongside One Sea, the backwaters bring a quieter, softer rhythm of nature into everyday life. Away from the rush of the open sea, these calm waters reflect the sky, the trees, and the changing light; creating a peaceful world that feels rare and private.

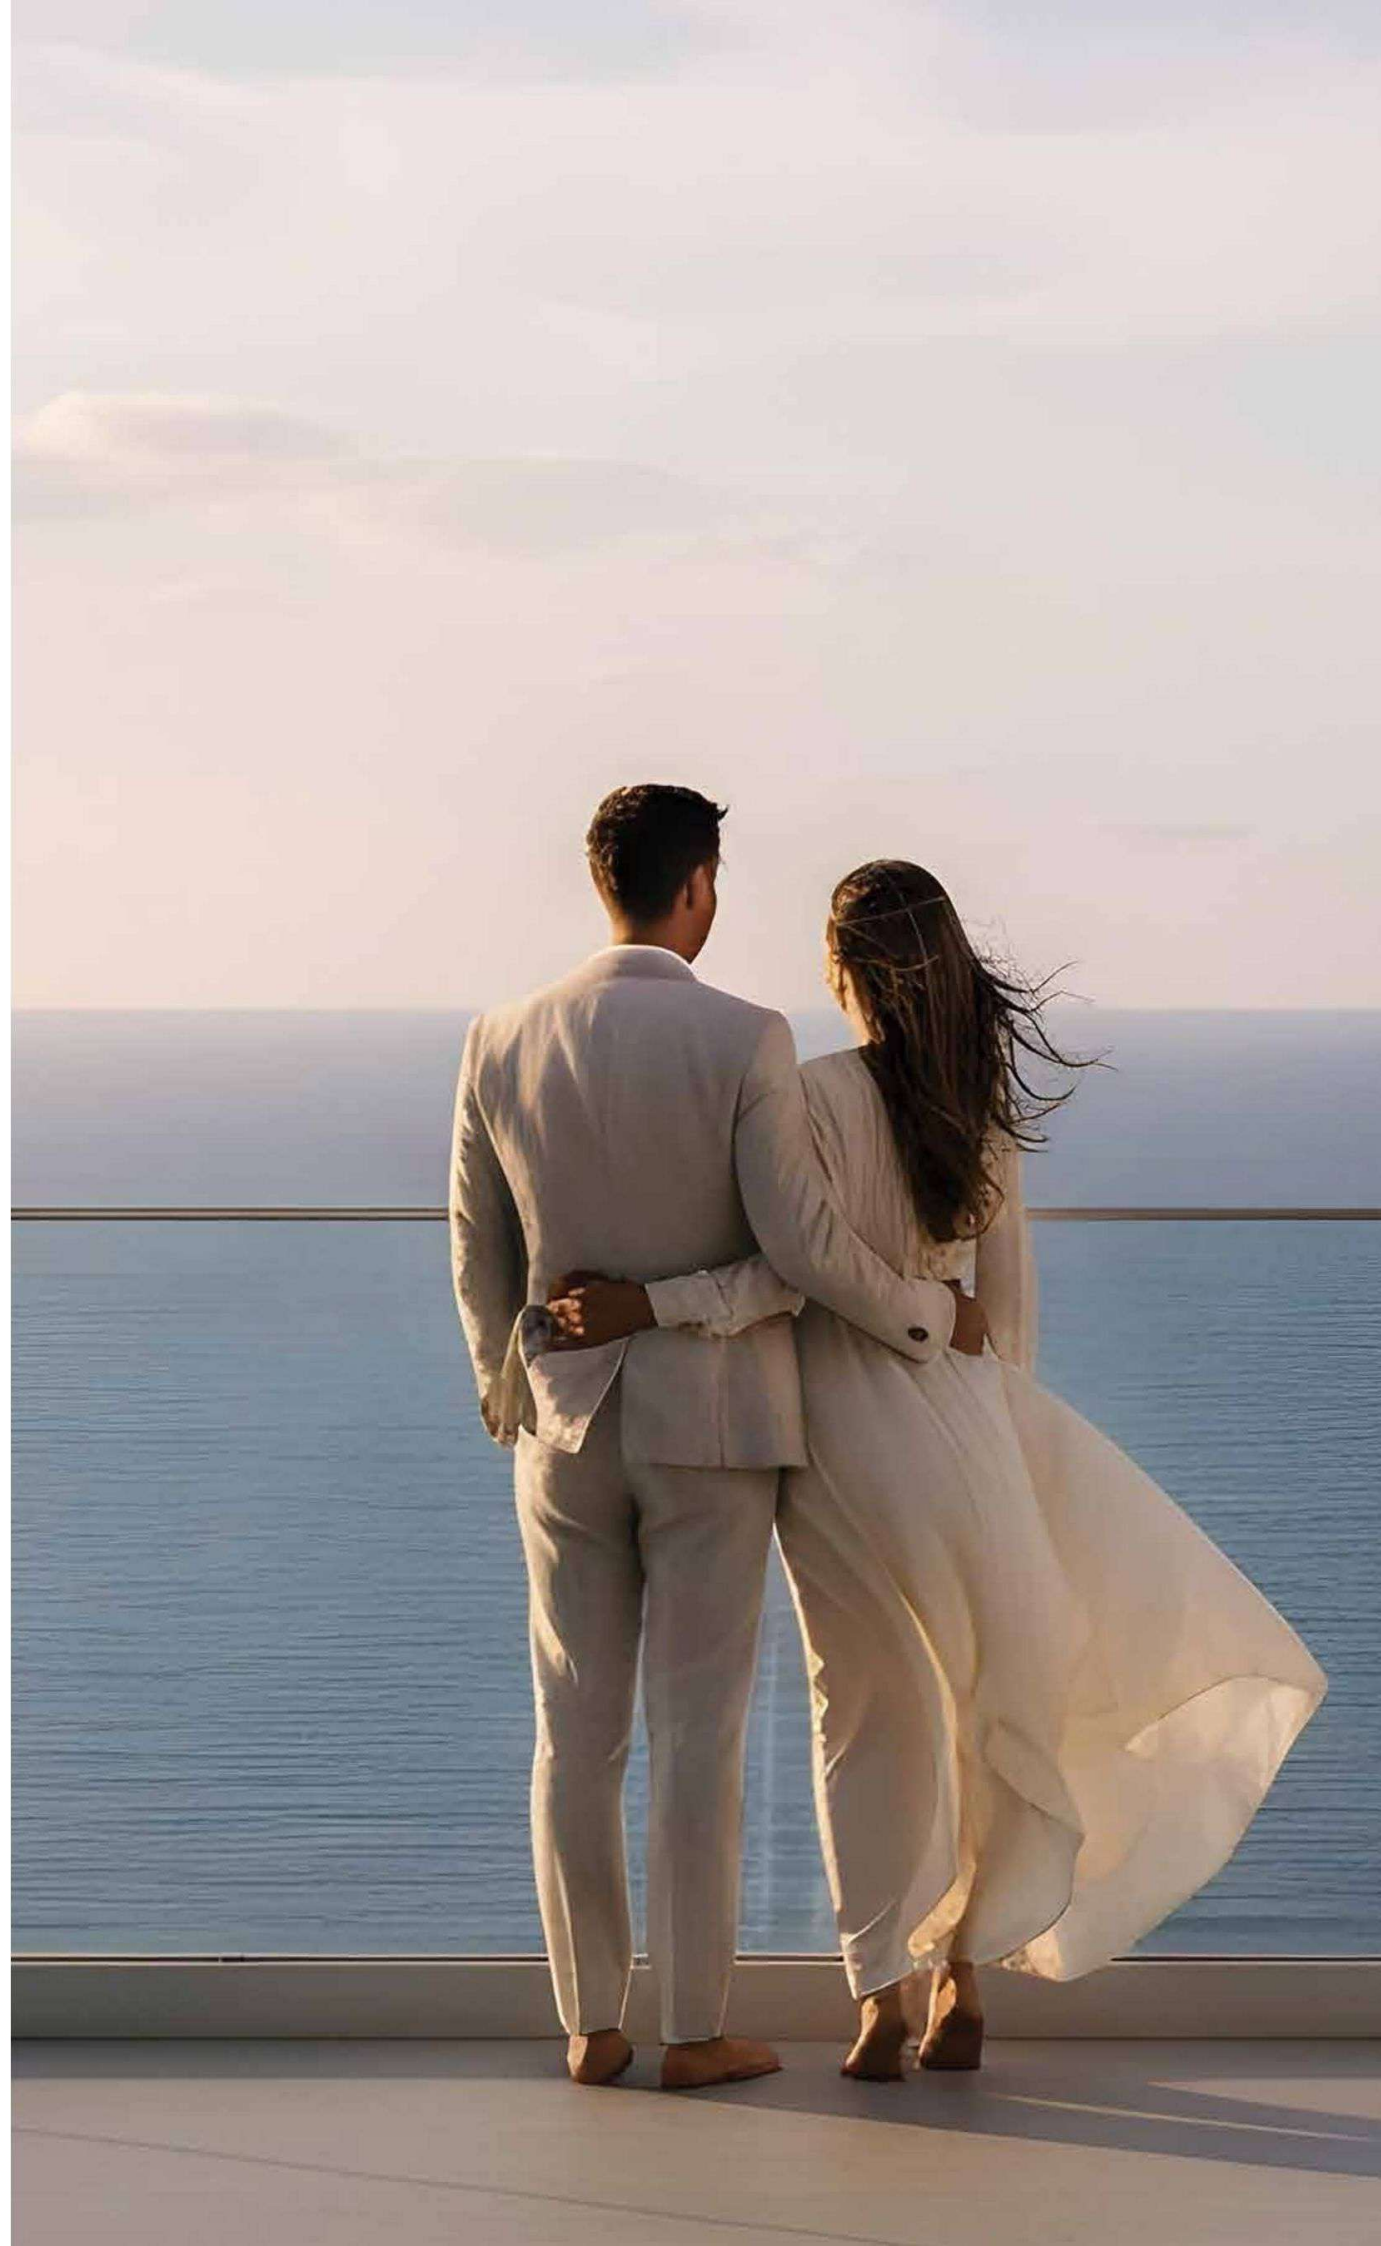

Here, mornings begin with stillness, and evenings drift into calm. The gentle movement of water, the cool breeze, and the soothing sounds of nature create a sense of balance that settles the mind and lifts the spirit. It is a place where life slows down just enough for you to truly enjoy it.

At One Sea, the backwaters are more than a beautiful feature, they are a way of living. A serene counterpoint to the vast ocean beyond, offering you the rare luxury of both open horizons and intimate, tranquil moments, right at your doorstep.

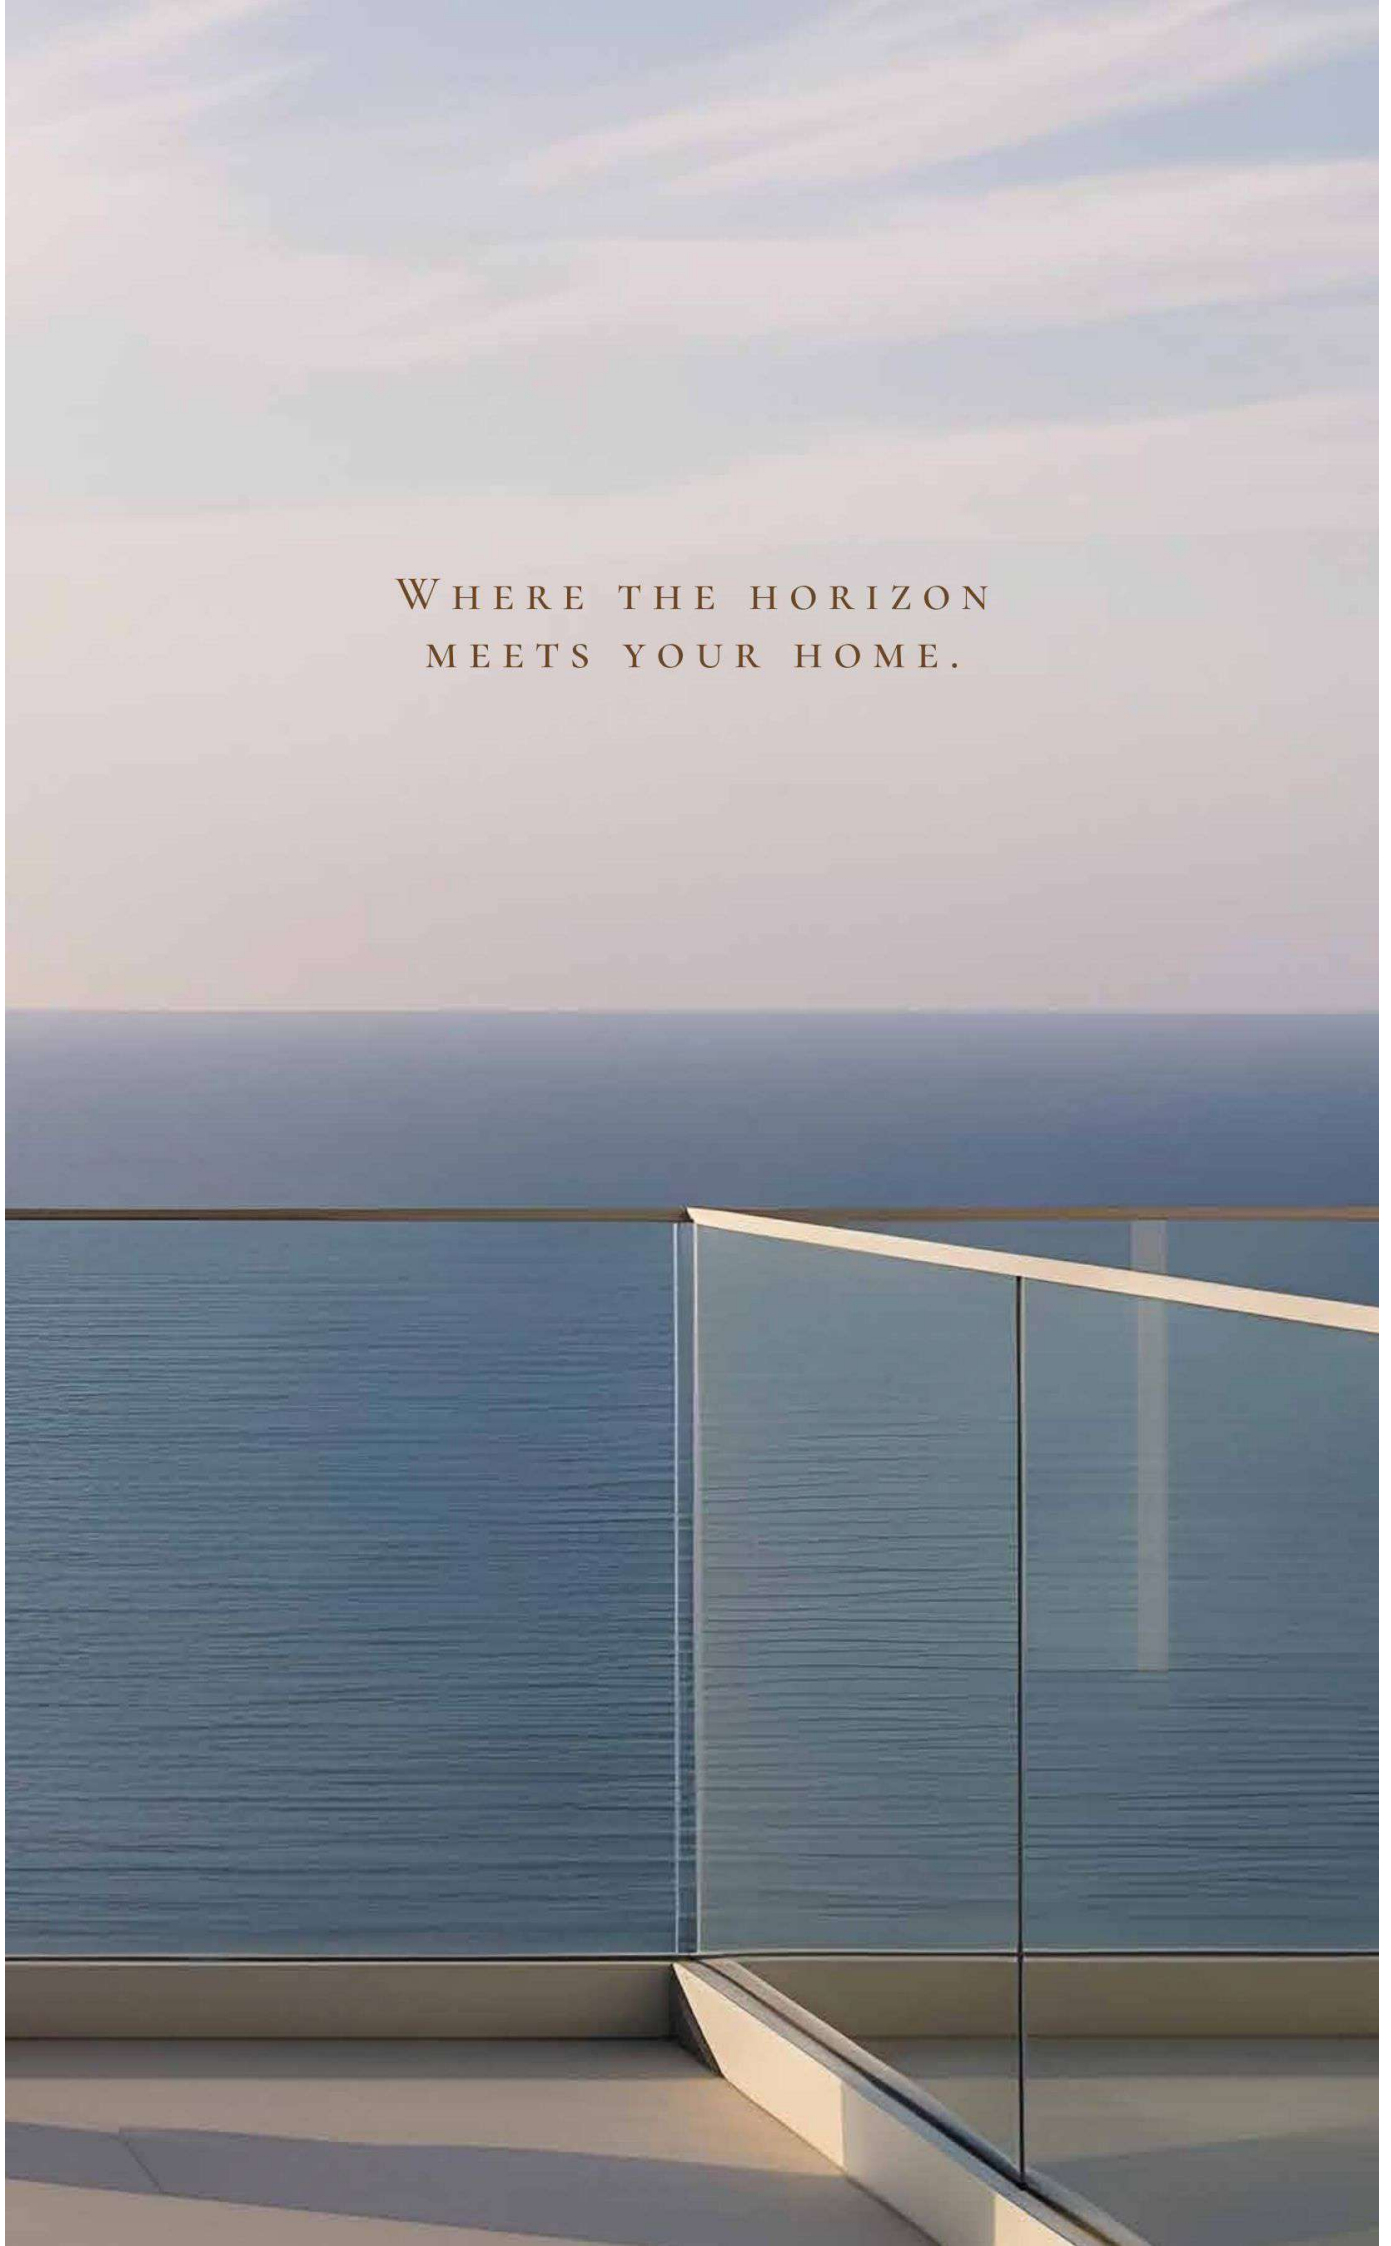

A LANDMARK THAT RISES
ABOVE THE CITY.

WHERE THE HORIZON
MEETS YOUR HOME.

WHERE THE SKY BECOMES
YOUR CANVAS AND THE SEA,
YOUR SANCTUARY.

THE EAST COAST ROAD, A STRETCH OF SHORE THAT THRIVES WITH LIFE.

Centuries ago, these shores were gateways to the world. Merchant ships sailed in from distant lands, bringing ideas, culture, and prosperity to the Coromandel Coast. Fishing villages, heritage towns, and sacred temples grew along the water's edge, shaping a coastline that has always been rich in spirit and significance.

Today, ECR has evolved into Chennai's most coveted lifestyle corridor. World-class homes, luxury resorts, art spaces, cafes, and beachside communities now line the same shores where history once unfolded. Yet the magic remains unchanged, the rhythm of the waves, the golden sand, and the endless horizon continue to define life here.

Further strengthening ECR's future, the Government of Tamil Nadu has initiated **a 13.5-kms. 4-lane elevated corridor** from Thiruvannamiyur to Uthandi. Once completed, this will streamline traffic by bypassing numerous junctions and side roads. Designed to enhance connectivity and reduce travel time, this marks another significant step in shaping ECR as Chennai's most progressive coastal corridor.

Living on ECR means being part of a rare duality. You are rooted in heritage, yet surrounded by modern comfort. You wake up to the same ocean that once guided sailors home, while enjoying a lifestyle shaped by thoughtful design, refined living, and contemporary luxury.

It is where the past gently meets the future, where every sunrise feels timeless, and every evening carries the promise of tomorrow.

SPECIFICATIONS

STRUCTURE

- RCC framed structure - Designed for earthquake resistance (Seismic Zone III) with pile foundation.
- Outer walls will be 165mm/200mm thick and inner partition walls will be 100mm thick RCC walls.
- Floor height (including slab) - Will be maintained at 2950mm.

FLOOR FINISH

- 600x1200mm - Premium vitrified tile flooring in the living room, dining room and all bedrooms.
- 300x300mm - Premium anti-skid tile flooring in toilets.
- 600x600mm - Anti-skid premium tiles flooring in utility and balcony.
- 600x600mm - Premium vitrified tile flooring in corridor and lobby area.
- High quality granite for entrance lobby flooring.
- Full body vitrified tiles for staircase and landings area.

WALL FINISH

- Toilets - 300x600mm premium ceramic tiles upto 7'6".
- Kitchen - Kitchen wall tile and platform are within the client's scope (We will provide electrical points and water lines).
- Utility - Ceramic tiles will be provided up to the parapet wall height.
- Lift wall in lobby - Full body vitrified tiles of size 600x600mm and jambs with granite finish.
- Lift wall in entrance lobby - High quality granite/marble.

DOORS

- Main doors - Polished wood frame and laminated flush-door shutter with highly secured digital locks.
- Bedroom doors - Polished wood frame and laminated flush-door shutter with anodised fittings.
- Toilet doors - Polished wood frame with waterproof flush door shutters with anodised fittings.

PAINT FINISH

- Internal walls - Finished with 2 coats of putty, 1 coat of primer and 2 coats of premium emulsion paint.
- Exterior walls - Finished with 1 coat of primer and superior quality texture finish with colour as per architects' design.
- Ceiling finish - Finished with 2 coats of putty, 1 coat of primer and 2 coats of premium distemper.

JOINERIES

- Living, bedroom, kitchen - UPVC sliding windows having clear toughened glass, with sill granite.
- Toilets - UPVC Ventilators with provision for exhaust fan and openable shutter for ODU access.

SPECIFICATIONS

PLUMBING FITTINGS

- Sanitary fittings - Jaquar or equivalent.
- CP fittings - Jaguar or equivalent.
- EWC - Floor-mounted closet with cistern and health faucet.
- Washbasin - Granite countertop washbasins with bottle trap in all toilets.
- Shower spout - Hot and cold diverters for shower and spout.
- A single bowl SS sink will be provided only in the utility.
- Pneumatic pumping system will be provided for water lines.
- Water metre will be provided.

ELECTRICALS

- Wires - Fire Retardant Low Smoke (FRLS) copper wire of a quality BIS, polycab or equivalent.
- Switches - Modular boxes and switches of Havells/Crabtree or equivalent.
- 3-phase supply for all units with LT connection.
- Safety device - MCB & RCCB (Residual Current Circuit Breaker).
- 2-way switches for fan and light points in all bedrooms.
- 5-amp - One socket will be provided on all main switchboards, and two sockets in the kitchen.
- 15-amp - Provided for washing machine and 2 nos. in kitchen.
- Foot lamp - Provided in all bedrooms.
- TV - Point provided in living and bedrooms with 3 nos. of 5-amp sockets.
- Data - Point provided in living and bedrooms.
- Air conditioner - 20-amp socket and control switch will be provided for living, dining and bedrooms.
- Exhaust fan - 5-amp socket will be provided in all toilets.
- Chimney - 5-amp socket will be provided in kitchen with exhaust hole.
- Geyser - 15-amp socket will be provided in all toilets.
- Aquaguard - 5-amp socket and water line will be provided above the kitchen sink.
- Power backup - 1 BHK - 500 W, 2 BHK - 750 W, 3 BHK - 1000 W through ACCL.
- Power backup for common area - 100% power backup for all common areas like STP, water softener plant, lift and other services.

ELECTRICAL SERVICES

- Solar power - Provided for all common area lighting.
- Safety equipment - Lightning arresters will be provided in all towers.
- Transformers with RMU units for each tower.

FIREFIGHTING SERVICES

- Fire sprinklers will be provided inside apartment, corridors and basement/ground floor car park.
- Smoke detectors/heat detectors with fire alarms will be provided inside the apartment.
- Fire hydrants and fire hose reels will be provided in all floor lobby and external yard.
- Public address system will be provided.
- Fire refuge areas will be provided for each tower.

COMMON FACILITIES

- Lifts - Adequate passenger lifts, stretcher lift/service lift will be provided for each tower.
- STP - Will be provided for treating 100% sewage effluent and treated water will be used for toilet flushing and gardening purpose.
- Water softener plant will be provided.
- Garbage chute - Automated garbage chutes will be provided for each tower.
- OWC - Organic Waste Converter will be provided.
- Piped gas - The reticulated gas supply will be provided with metering system.
- Surveillance - 24/7 CCTV security system will be installed in all common areas at ground floor only.
- EV charging station for cars and bikes will be provided.
- DTH - Provision for data and TV will be provided for each apartment.
- Rainwater Harvesting System (RHS) will be provided.
- Landscape - A green belt will be provided throughout the site.
